# Escape Room Footage

Follow Along Footage For Tutorial

# Getting Started

## Using The Files

After unzipping the file that you've downloaded - you can now use the footage in your editing and compositing software of choice. The footage is in LOG color, so you'll likely want to add a look up table or color correction to the footage to get the desired look.

## License

All of the freebies and footage are 100% free to use. However, you may not distribute or sell the footage in any way without prior authorization from PremiumBeat.

We receive a large volume of support requests that require detailed responses. This means that unlike our paid products, we currently do not offer technical support with PremiumBeat freebies.
